

## **2022-23 Maryland Counseling Association Emerging Leaders Program**

The MCA Emerging Leaders Program was designed to provide graduate counseling students, new professionals, and experienced professionals with cultivating experiences that support leadership skill and competency development, and diverse opportunities to actively participate in MCA Executive Board meetings, serve on a committee, task force, and/or engage in projects of interest, receive mentorship, build professional networks, and gain exposure to the responsibilities associated with fulfilling elected leadership positions.

Individuals will be selected from the following applicant categories to participate in this program:

- graduate counseling students (master's or doctoral)
- new professionals (within one-year post graduation), and

Emerging Leaders will receive complimentary registration to the 2022 MCA Annual Conference (\$250 value!), receive mentorship from a MCA leader, meet and network with other emerging leaders in the program, and be recognized at the conference as an Emerging Leader. Recipients will also be recognized on MCA's website, be featured in the MCA newsletter *Compass Points*, and have the opportunity to bolster and expand resume content through the development of helpful videos and web information for counseling students throughout the State of Maryland.
